TEXAS MOBILITY SUMMIT

MONDAY, NOVEMBER 18 | HILTON PALACIO DEL RIO

STATE OF MOBILITY

Texas transportation leaders shed light on challenges and opportunities facing a state that is undergoing significant growth and transformation.

8:00 AM | Breakfast & Registration

9:00 AM | Welcome & Opening Remarks

Shelley Row, Shelley Row Associates
Chairman Bruce Bugg, Texas Transportation Commission
Mayor Ron Nirenberg, City of San Antonio

9:30 AM | State of Mobility

Kristie Chin & Andrea Gold, Texas Innovation Alliance

9:45 AM | Texas Transportation Funding

Moderator: Robert Rivard, Rivard Report
James Bass, TxDOT
Rep. Ina Minjarez, Texas House of Representatives
Commissioner Kevin Wolff, Bexar County
Sen. Robert Nichols, Texas Senate

10:45 AM | Break

11:00 AM | Transportation Policy Developments

Moderator: John Corbin, FHWA
Brian Dillard, City of San Antonio
Karla Taylor, City of Austin
Tom Bamonte, NCTCOG
Julie Baldwin, City of El Paso

12:00 PM | Lunch & Keynote

1:00 PM | Connected & Automated Vehicles

Moderator: Steve Dellenback, SwRI
Art Reinhardt, City of San Antonio
Jason JonMichael, City of Austin
Kristin White, MnDOT
USAA
Julie Baldwin, City of El Paso

2:00 PM | Next Steps & Breakout Preview

5:30 PM | NETWORKING RECEPTION

Connect with transportation leadership – public agencies, industry, researchers, and policymakers – from around the state who are transforming mobility.

2:15 PM RESEARCH SHOWCASE & EXHIBIT HALL

Students and researchers from across the state showcase their research in transportation, smart cities, and urban informatics.

2:45 PM – 4:30 PM | Breakout Sessions

Learn directly from active projects and identify collaboration opportunities for the upcoming year.

DATA SHARING

Participants work together to develop a public-private data sharing framework for automated vehicles and micromobility. The workshop is designed to enable participants to walk away with a practical guide on how to develop a data management strategy for their region.

CONNECTED & AUTOMATED

Participants dive into the details of how to plan, launch, evaluate, and sustain a successful advanced vehicle deployment. Case studies include low-speed automated shuttles, on-demand services in the urban core, and connected vehicle-to-infrastructure applications.

FREIGHT & LOGISTICS

Participants focus on the Texas Connected Freight Corridors project and opportunities to instrument the Texas Triangle with connected vehicle technologies. Key perspectives include freight companies, municipalities along the Texas triangle, as well as ports.

TEXAS MOBILITY SUMMIT

TUESDAY, NOVEMBER 19 | HILTON PALACIO DEL RIO

THE PATH FORWARD

Chart a course of action by developing strategies and formulating priority projects for the upcoming year in critical areas.

8:00 AM | Breakfast & Registration

9:00 AM | Welcome & Opening Remarks

Shelley Row, Shelley Row Associates
Rep. Terry Canales, Texas House of Representatives

9:30 AM | Our Changing Cities

Moderator: Mark Dowd, Smart Cities Lab
Dennis Borel, Coalition of Texans with Disabilities
Dan Rudge, Bryan-College Station MPO
Andrew Higgins, CPS Energy
Dan McCoy, Blue Cross Blue Shield of Texas
Diane Rath, ACOG

10:30 AM | Break

10:45 | Investing in Texas

Moderator: Lindsay Dennis, Governor's Office
Joshua Baer, Capital Factory
Harvin Moore, Houston Exponential
John Gonzales, US Chamber of Commerce
Jenna Saucedo-Herrera, SAEDF

12:00 PM | Lunch & Team Lead Executive Session

1:00 PM | Transforming Transit

Moderator: APTA
Jeff Arndt, VIA Metropolitan Transit
Tom Lambert, Houston METRO
Todd Plesko, DART

2:00 PM | Next Steps & The Path Forward

Steve Young, VIA Metropolitan Transit
Darran Anderson, TxDOT

2:30 PM – 4:00 PM | Breakout Sessions

Learn directly from active projects and identify collaboration opportunities for the upcoming year.

SCENARIO PLANNING

A design thinking workshop where participants discover new strategic planning tools to assist with long-range scenario planning. Critical topics include population growth patterns, assessing public adoption rates of advanced technologies, and identifying equity indicators.

MOBILITY-AS-A-SERVICE

Participants delve into facets of the mobility-as-a-service ecosystem and its potential to achieve equity and access outcomes. Featured areas include public-private partnerships, on-demand first-/last-mile solutions, and data sharing frameworks.

EMERGING TECH

Participants discover what emerging technologies are on the short- and long-term horizons. Technologies include hyperloop, unmanned aerial systems, and blockchain.

EXHIBIT HALL

Texas is a diverse mobility marketplace.

Discover new solutions, find deployment opportunities, and tap into research expertise all in one location. Take some time to learn the stakeholder landscape and connect with the leading companies, universities, and Alliance Teams who are showcasing their on-going projects and find out what's next on the horizon.
